

September 16, 2020 at 11AM

At BaneCare, we understand what an incredibly difficult time this is, and how important communication is to our extended community of residents, family members and staff. As we share the information on how the COVID-19 virus has impacted our facilities, please know that the clinical and administrative teams across our organization are working tirelessly to manage this crisis.

We are taking steps based on guidance from the Centers for Disease Control and Prevention (CDC) and the Center for Medicare and Medicaid Services (CMS) to reduce the spread and impact of COVID-19, such as:

- Enhanced infection control precautions
- Screening residents, staff, and essential visitors for expanded list of symptoms
- Limitations on visitation and entry of people to the building
- Testing staff and residents for COVID-19 based on current protocols and availability of tests
- Limitations on communal activities
- Any facility-specific mitigating actions, will be provided via telephone or email communications

Due to government privacy requirements, we cannot divulge specific information about the individuals who have confirmed or suspected COVID-19, unless they are your family member and you have the necessary permissions to receive such information.

We know you are concerned about your loved one, but it is crucial that we take these measures to reduce the spread of this virus to others. We will contact you directly if your loved one is suspected or diagnosed with COVID-19.

We thank you for your support in the challenging days ahead, and hope that you stay healthy and safe.

Data as of September 15, 2020

Facility Name	Current Confirmed Covid-19 Residents	YTD Cumulative Confirmed Covid-19 Residents	Current Confirmed COVID-19 Staff	YTD Cumulative Confirmed Covid-19 Staff	PPE Available?
